FOR ATU LOCALS

Version 26.07 Build 0. 4/4/2025 Change for BCTGM Locals Only

- Fixed a monthend close issue when there are open prelist in shops that were started but not posted for the reporting month. A warning will be issue to allow you continue to close or not.

Version 25.04 Build 1. 4/4/2025 Change for ATU Locals Only

- Fixed a count problem on Coversheet that was counting new members with status date greater than the month currently being processed.

Version 24.12 Build 1. 12/20/2024 Changes for ATU Locals Only

- ATU: Fixed issue with using Status Code 31. Issue was that changing a member Status 10 to Status 31 (Resigned Member Still Working) showed up correctly on Coversheet but was not deducted from the Active counts for the following month.

It is recommended that locals using Status 31 to upgrade to this version and run the Step 1 of Monthend that corrects beginning counts.

Also locals need to remember to use 31 for members and not 32 or 33 that are for Fee Payers and Non-Members.

Version 24.03 Build 2. 3/25/2024 Changes for All Locals

- ALL: When doing the Reports | Update New Reports feature, besides copying any new reports to the Custom folder, the feature will now remove any old reports starting with "Orion" that are no longer applicable to any existing MUMS users.
- ATU: Fix the Password security on change of Monthend reporting period. Now if you must change the reporting period you have to use the Change button and enter a password. You need to contact Support@MUMS2000.com for assistance.

Version 24.02 Build 1. 2/15/2024

NOTE: *There are two major reasons that coversheet counts might not be correct: One is changing status codes with the wrong status date and the other is failure to properly close the month. Both of these issues are addressed in this set of ATU enhancements.*

- ATU: New Validation on Status Changes to prevent future Monthend coversheet count errors.
 - Status Changes cannot be dated prior to Current Reporting Period.
 - Only Status Codes of 06,11-16,83 & 85 are allowed to have Status Dates > Current Reporting Period.
- ATU: On Status Change to Restatements, the Enrollment Date can be adjusted. Please note that if you change the Enrollment Date you must notify ATU HQ.
- ATU: Monthend Step 1: New Feature to adjust/repair beginning balances to fix prior count issues. Use of the new "Adj Beg Balance Button" will fix previous count issues and report the adjustments made.

You need to enter a “Y” and click on Run to run this function. The Print button can be used at any time to print out the adjustments made by this feature.
